DESCENDANTS

The image shows the interior of a distillery. In the foreground, several large, dark wooden barrels are arranged in rows. The barrels have metal hoops and some have wooden lids. In the background, there is a complex of copper distillation equipment, including large copper pots, pipes, and a tall copper column. The lighting is warm and focused on the equipment, creating a sense of a traditional, industrial setting. The text is overlaid on the left side of the image.
